

COMMERCIAL EQUIPMENT FINANCE APPLICATION

Received 14 August 2026 · File No. GRM-2608-114

APPLICANT

Legal name	Granite Ridge Materials LLC
Entity type	Limited liability company (Pennsylvania)
Year founded	2010
Principal business	Crushed stone and construction aggregate production
Facilities	Two active quarries, Blair and Huntingdon Counties, PA
Employees	142 full time, 21 seasonal

REQUEST

Purpose	Acquisition of a replacement primary crushing and screening plant
Equipment cost	\$6,275,000
Applicant contribution	\$941,250 (15%)
Amount requested	\$5,333,750
Structure requested	Equipment finance agreement, applicant takes title at closing

EXISTING OBLIGATIONS

As of 30 June 2026 the applicant carries \$14,200,000 of funded debt across a term loan, two equipment notes, and capitalized lease obligations. Annual debt service on these obligations is \$2,310,000. The applicant maintains a \$6,000,000 revolving line with First Keystone Bank, drawn \$2,000,000 at the date of this application.

STATEMENT OF USE

The plant subject to this application is the applicant's primary crushing asset. All saleable production at the Blair County quarry passes through it. The unit being replaced has reached the end of its service life and is the binding constraint on throughput. The applicant cannot produce salable aggregate at that site without it. Downtime is not absorbable through the Huntingdon site, which runs a different product mix.
